By signing below, I represent and acknowledge that I am authorized on behalf of my company and its employees to agree to the following terms and conditions:

- A. To abide by the terms of the PODS Association Bylaws, as published and modified from time to time.
- B. To abide by the terms of the PODS Antitrust Compliance Guidelines, as published and modified from time to time.
- C. To the assignment of the non-exclusive rights to the PODS Association for any content contributed by my company to the PODS Association that is not marked "confidential" or "proprietary."
- D. To hold harmless and release from liability the PODS Association, its Board of Directors, Committee Members, Executive Director, contractors, and any agents duly authorized to represent the PODS Association, for my company's use of the PODS Data Model, standards, implementations, documentation, and related materials or content.

E. To employ any use of the PODS Data Model, standards, implementations, documentation, and related materials or content at my company's sole risk, expense, and discretion.

That the PODS Pipeline Data Model is copyright protected, and that membership in the PODS Association is required for the right to use the PODS Pipeline Data Model, and applies only to pipeline assets owned and operated by my company. If my company is not a pipeline operator, then

F. membership provides my company the right to develop software or services based upon the PODS Pipeline Data Model to offer for use to other PODS member companies. Distribution of the PODS Pipeline Data Model and associated documentation to companies who are not current PODS members is a violation of copyright.

To forfeit any right, title, claim, or interest associated with the PODS Pipeline Data Model and
G. membership in the PODS Association if said membership is resigned, withdrawn, cancelled, unpaid, or otherwise terminated by the PODS Association.

H. That the terms and conditions contained herein remain in effect until this membership is ended by written notification.
