Path Forward
ILI Working Group Updates

• Completed Use and Business Cases
• Continuous updates of Design Decision Document
  ▪ Mega Table Decision
  ▪ Treating Clusters as Anomalies
  ▪ Collect calculations within schema
• Lite vs Full
  ▪ Table and Attribution
  ▪ ILI Data Mega Table
    • ~130 Full attributes
    • 15 Lite attributes
Next Steps

• Defining which tables will have Type 1, Type 2, Type 3 domains
• Completing attributions of remaining tables
• Working with TCDM to begin creating logical model
  ▪ Defining relationships between ILI tables and PODS core
• Release Lite version
  ▪ Goal of releasing at Fall PODS Conference
